

Edmonton School

21.10.19

To Whom it may concern,

I would like to give my thanks and support for the team of people who came in and changes our school lighting.

They were well organised, communicated when they were starting and worked well within the school restrictions. We are very happy with the job they did and would recommend them to any school wishing to take up their offer.

It has already made such a difference to our school.

Kind Regards,

Margaret Samson

Principal Edmonton Primary
